

E-Kleen™ SR-A

Smut Remover (SR) for Steel/Iron Substrates and Acid Pickles

E-Kleen SR-A is soluble in all mineral acids. It is also compatible with acid inhibitors, such as **E-Pik Inhibitor** and **E-Hib 979**. It removes the smut that can form in mineral acids and offer extra acid base cleaning power, resulting in stain free and brighter parts. This product must only be used on Steel/Iron substrates. It is not to be used on copper and copper alloys.

Bath Make-Up	% by Volume
E-Kleen SR-A	0.25 – 1.25%

Bath is controlled by quantity of the work (no smut on steel) and the acid bath life. Large quantities of oil can shorten the bath life. If you are searching to emulsify oil in acid bath, try our **E-Kleen SR-AE**.

Packaging

1 gallon, 5 gallon and 55 gallon, (net) in plastic, non-returnable containers. Keep lid on when not in use.

IMPORTANT NOTICE! For Industrial Use Only

The following is made in lieu of all warranties, expressed or implied, including the implied warranties of merchantability and fitness for purpose: seller's and manufacturer's only obligation shall be to replace such quantity of the product as proved to be defective. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith. **Neither seller nor manufacturer shall be liable either in tort or in contract for any loss or damage, direct, incidental or consequential, arising out of the use of the inability to use the product.**
